CANNABIS INDUSTRY

Company's INFORMATION

MANNTA is a group of entrepreneurs with a vision of creating a company that is a business reference in the Cannabis Industry, not only in Colombia but internationally. We surround ourselves with the best professionals, workers and consultants available to ensure the success of all our business objectives.

Initial investment

Capex USD 650.000

* TMR: 3.800 COP

Investment mechanism

Joint Venture

Sales in the last year

**First export agreement worth
USD \$100.000**

Investment PROPOSAL

MANNTA sees in Colombia the appropriate place to set up its center of operations for the production and commercialization of cannabis products and derivatives; the company has the licenses to export flower and cannabis derivatives. The business plan is to increase the number of hectares of crops and expand its business by exporting to Europe and the United States.
